

FDLRS Action Presents...

Early Childhood Developmentally appropriate practices...

Learning through Play:

It's the Best Way

Featuring: Mr. Al

Mr. Al has written and recorded over 20 children's albums, 2 videos, and a teacher resource book. He has traveled the country presenting workshops incorporating music and movement to promote child development and literacy.

In this engaging and interactive workshop participants will learn the importance of incorporating appropriate play activities to increase child development and the developmental benefits of play and music.

Participants will understand it is important to adjust the educational and child care environment to include young children with special needs.
