

Activity Time/Center Time/Clean UP Time-TODDLER Phase I

Recommendations:

RATIO: 1:5 Max Group: 10

Reference chart on TODDLER large group

- ❑ Hand wash before center play and hand wash before moving to a new center or activity.
- ❑ Wear masks over the age of 3
- ❑ Limit number of children per activity to 2-3 with space
- ❑ Children and teachers need to stay in the same class and group every day.
- ❑ (Teachers and children SHALL NOT CHANGE FROM ONE GROUP TO ANOTHER)
- ❑ If more than one group of children is cared for at one facility, each group shall be in a separate room and not mix or interact with each other.
- ❑ Sanitize play areas between children transitioning to a new play area. (i.e. when playing in Centers A, C, E, be sanitizing centers B, D, and F.)
- ❑ Sanitize flat surfaces regularly between activities.
- ❑ Contaminated clothes should be placed in a plastic bag or washed in a washing machine.

“Children are playing while keeping a safe distance.”

- ❑ Toys that children have placed in their mouths or that are otherwise contaminated by body secretions or excretions should be set aside until they are cleaned by hand by a person wearing gloves. Clean with water and detergent, rinse, sanitize with an EPA-registered disinfectant.
- ❑ Do not share toys with other groups of infants or toddlers, unless they are washed and sanitized before being moved from one group to the other.
- ❑ Set aside toys that need to be cleaned. (i.e in yuck bucket.

Things to Consider:

- ❑ Toys that cannot be cleaned and sanitized should not be used at this time
- ❑ Machine washable cloth toys should be used by one individual at a time or should not be used at all. These toys should be laundered before being used by another child.
- ❑ Books and paper based materials are not considered high risk for transmission and do not need to be sanitized between use.
- ❑ Intensify cleaning and disinfection efforts, including devising a schedule, and focus on toys, games, and other objects and surfaces that are frequently used
- ❑ Be mindful of items more likely to be placed in children’s mouth.
- ❑ Have extra toys to rotate in and out as you are sanitizing others.

Activity Time/Center Time/Clean UP Time-TODDLER Phase II

Recommendations:

RATIO: 1:5 Max Group: 12
