# EVALUATION OF DIRECT ENHANCEMENT SERVICES

## Evaluation of Direct Enhancement Services

### COMPREHENSIVE CONSUMER EDUCATION

Describe how the Coalition coordinated resource and referral programs specifically related to the provision of comprehensive consumer education to parents and the public regarding participation in the school readiness program and parental choice.

Early Learning Coalition of Orange County coordinated resource and referral programs and engaged parents throughout the 2020-2021 fiscal year to provide comprehensive consumer education to parents and the public regarding parent choice and School Readiness (SR) in the following ways:

**Child Care Resource & Referral (CCRR)**—ELC Orange contracted with Community Coordinated Care for Children (4C) to provide childcare referrals to parents to make them aware of their options for high quality early education sites. Nearly half of the referral requests fielded involved calls for financial assistance.

**Outreach and Awareness**—ELC Orange Community Engagement Unit and 4C participated in several Outreach and Awareness events to reach Orange County’s diverse population of parents. During these events, information about SR assistance and the importance of early education environments was given directly to parents of young children. ELCOC continued the emphasis of quality early learning programs through various channels and strategic community partnerships as well as media support including television, radio, print and digital.

**Community and Corporate Volunteer Outreach Program:** ELCOC Community Engagement Unit developed a strategic plan to engage community members in our literacy initiatives. In FY 19/20 hundreds of community members and leaders participated in one or more of the following programs:

- **Preschool Ambassadors:** An initiative, through Orlando Cares, Mayor Buddy Dyer’s Cities of Service, which engages families in early literacy activities, increases pre-kindergarten enrollment and supports early literacy development in pre-kindergarten programs. Preschool Ambassadors went virtual during this time and offered opportunities including
- **Ready Readers** read to children in preschool classrooms weekly within Orange County to help provide greater exposure to books to support kindergarten readiness.
- **Family Literacy Liaisons** give training presentations to parents and families about the importance of reading to their children, as well as teach parents tools on how to read to their children for the most impact. They distribute family literacy toolkits to families to increase early literacy activities in the home. Spanish and English early literacy materials are incorporated in these trainings.
- **ELCOC Celebrity Reader Program:** Engages community influencers to showcase the importance of school readiness and early literacy by reading to a VPK classroom. As ambassadors they raise awareness and connect their network to one of the ELCOC initiatives.

## EVALUATION OF DIRECT ENHANCEMENT SERVICES

- **ELCOC Book Buddy Program:** This program matches volunteers with a 4-year-old in a VPK classroom to promote reading, writing, and social skills by becoming pen pals and exchanging letters and books. The adult Book Buddy commits to respond to three letters from their book buddy and purchase three books in a school year. (ELCOC coordinates correspondence)
- **Five to Thrive Food Drive:** ELCOC hosts an annual food drive to replenish infant and toddler foods in Second Harvest food pantries throughout Orange County. Volunteers can purchase items from an ELCOC approved list of age-appropriate foods or give a cash donation that goes towards food items to ensure children ages birth-to-five receive the proper nutrition so they can thrive in life.

### PROVIDER FINANCIAL SUPPORTS

Provide a list of grants, awards, or bonuses offered to school readiness program providers to assist them in meeting applicable state requirements for childcare performance standards, implementing developmentally appropriate curricula and related classroom resources that support curricula, providing literacy supports, and providing professional development.

Include the qualifying criteria to receive financial support and related monitoring activities to verify appropriate use of support.

**Legacy Expansion Year Two:** The Early Learning Coalition of Orange County will expand on our Office of Early Learning Preschool Development Grant related to Child Assessment Best Practices through the implementation of effective developmentally appropriate instruction in classrooms. To meet this end, the ELC of Orange purchased and trained providers on The Creative Curriculum® Cloud. (This is the full Creative Curriculum Suite that aligns with the TS GOLD system)

As expected through effective training, on-going technical assistance, and communities of practice there was effective implementation of Creative Curriculum with early care and education programs that are using TSGold. This melding of targeted instructional support with age-appropriate authentic assessment promoted child outcomes. Additionally, early care and education practitioners gained deeper understandings of child development and its role in scaffolding instruction for evidenced child growth, development, and learning.

**Professional Development Grants:** These grants were intended for early care and education providers who have participated in professional development from the Division of Early Learning and Department of Children and Families. To participate you must be employed at a contracted School Readiness and/or Voluntary Pre-Kindergarten Program within the boundaries of Orange County. Additionally, you must provide documentation of: a) Florida residency, b) high school diploma from an accredited school, GED, or college degree, c) employment by a licensed or license-exempt childcare facility or a licensed family childcare home, d) Work a minimum of 20 hours per week with a birth through pre-k population, e) sponsorship of the child program which employs them.

**School Readiness Curriculum Grants:** This grant application was to receive up to \$1000.00 in SR Curriculum funding. The SR Curriculum grants are to support any residual impact COVID-

That includes costs associated with a) providing SR curricular service to enrolled students, and b) costs associated with curricular materials, literacy supports, manipulatives, training, technology, or subscriptions, etc.

**VPK Curriculum Grants:** This grant Application was to receive up to \$1000.00 in VPK Curriculum funding. The VPK Curriculum grants are to support any residual impact COVID-19 had on your business's ability to offer and support the VPK program in its entirety. That includes costs associated with a) providing SR curricular service to enrolled students, and b) costs associated with curricular materials, literacy supports, manipulatives, training, technology, or subscriptions, etc.

**Florida Association for the Education of Young Children (FLAEYC):** ELC Orange distributed 76 scholarships for directors and providers to attend the statewide conference and leadership day. Providers were also awarded additional funds for Continuing Education Units (CEUS) to maintain their credentials. Criteria for FLAEYC: Providers in good standing with ELC Orange applied for participation and submitted documentation after their conference attendance. Providers attended designated workshops and completed CEU Evaluation paperwork.

**National Family Child Care Home Association:** A significant number of family childcare providers received a scholarship to attend the Virtual National Family Child Care Home Association Annual Conference and 25 Memberships. Criteria for NFCCHA: Providers in good standing with ELC Orange applied for participation and submitted documentation after their conference attendance. Providers attended designated workshops and completed CEU Evaluation paperwork.

**Child Development Associates (CDA):** The CDA program provided financial support in two ways:

- Individual Scholarships: Due to the pandemic all courses were provided free of charge.
- Teacher Incentives: Financial incentives were provided to participating teachers upon being awarded the National Child Development Associate (CDA) Credential.

CDA Eligibility: Providers with eligible teachers applied; priority was to ELC orange providers operating in "at risk" zip codes.

In addition to financial support, the coalition provided 1000 Microsoft Surfaces to School Readiness contracted early care and education programs. This meant that all SR programs have a current piece of technology in the early care and education classroom to promote ongoing coaching, professional development, and technical assistance. In addition to tools for on-going child assessment documentation and resources for target individualized instruction.

### TRAINING AND TECHNICAL ASSISTANCE

Provide a list and description of training and/or technical assistance activities the coalition offered to school readiness program providers, staff, and parents in each of the following areas.

## EVALUATION OF DIRECT ENHANCEMENT SERVICES

- Early Learning Standards
  - Putting the Pieces Together: Integrating High-Quality Interactions, Lesson Planning, and Child Assessment. Wake up from the Standard headache: Repairing relationships between Standards, Child assessment, and Teacher-Child Interactions
- Child Screenings and Assessments
  - **Teaching Strategies Gold** - This session will explain how to: 1) Observe and document children's development and learning over time 2) Support, guide, and inform planning and instruction 3) Identify children who might benefit from special help, screening or further evaluation 4) Report and communicate with family members and others 5) Collect child outcome information as one part of a larger accountability system 6) Provide reports to administrators to guide program planning and professional development opportunities
  - **Curriculum and Assessment** - In this online course providers will take 20 hours/2.0 CEU's course work to learn about Curriculum and Assessment. In this course providers will be expected to take 14 individual courses to make up the 20 hours of coursework. These classes are online and self-paced. This course is designed to assist providers with the Professional Development Requirement of 20 hours of IACET training.
  - **Classroom Visits and Observations** - This course is designed to help center leaders conduct effective classroom observations to improve teaching practices
  - **Engaging Children with Speech Delays 0-3 years of age** - Many early childhoods professionals work with children 0-3 that are developing at different rates. Creating supportive, stimulating educational environments for children who might have a speech delay is a priority for many teachers. Knowing intervention strategies can increase the child's ability to express what they need and want. This training provides an opportunity for professionals in early childhood education to share their experiences and develop strategies for supporting the development of children's language in the classroom.
- Developmentally Appropriate Curricula and Character Development
  - **Nemours BrightStart Level One training** - Nemours BrightStart! is a multi-sensory approach to literacy for at-risk children in a Pre-K classroom. This is a 2 day/12-hour training that will teach you how to implement the program in a small group setting at your center.
  - **National Child Development Associate (CDA) Foundations Training Course** - Through this application process, you will become familiar with this Learning Management System that you will be using throughout this program. Training will consist of on-line content and face-to-face sessions. Due to the on-line component, access to a reliable computer and internet is required to successfully complete this program.
  - **Child Development and Learning** - In this online course providers will take 20 hours/2.0 CEU's of course work to learn about child development and learning. In this course providers will be expected to take 16 individual courses to make up the

20 hours of coursework. These classes are online. Participants will be expected to complete all course work by June 15, 2019. This course is designed to assist providers with the Professional Development Requirement of 20 hours of IACET training.

- **A Lifetime of Survival (The Six Skills of Survival for Young Children)** - The purpose of this session is to help participants understand the Six Skills of Survival in which are critical to a child's social-emotional development. Social emotional development is an essential portion of a child's overall development. With this it's critical that educators working with young children understand its foundation. These six skills of survival include attachment, belonging, self-regulation, collaboration, contribution, and adaptability. In this presentation we will talk about each skill and what they may look like, both developed and underdeveloped.
- **Engaging Dual-Language Learners in Preschool Classrooms:** Many early childhoods professionals work with children and families with first languages that are different from their own. In these cases, early childhood professionals may find it difficult to create engaging learning environments for children who come to class without understanding English. Creating supportive, stimulating educational environments for dual-language learners is a priority for many teachers. This training provides an opportunity for professionals in early childhood education to share their experiences and develop strategies for supporting the development of dual-language learners in the preschool classroom.
- **How to Prepare and Effective Lesson Plan** - This course is an introductory course designed to train teachers in lesson plan writing. We will also describe the components of an effective lesson plan and how they will help you create a quality learning experience for children, along with a brief overview of the Florida Standards. These standards will assist you in developing the learning objectives and understanding the correlation between learning activities and assessment practices.
- **A Developmentally Appropriate Classroom** - Directors and Teachers will check and review their practices in their classrooms to make them Developmentally Appropriate. Teachers will daily incorporate some D. A. P. in their classrooms by a) Review and reorganize materials and areas every time is needed, b) Encourage children's play, move, and talk daily and as much as possible, c) Have daily and as much as possible meaningful interactions, using open ended activities, d) Always model respect and be aware and sensitive of differences (individual, learning styles and cultures).
- **Early Math & Science Workshop** - This three-hour workshop will assist providers with a better understanding of how to improve mathematical thinking, science, and literacy in their program. This workshop is a hands-on interactive experience designed to further young children's interest in problem-solving and mathematical literacy. Providers will learn how to effectively nourish children's autonomy through play, explore the possibilities of combining, subtracting, and the effect that each process holds. You will learn to set the right foundations in our children's cognitive

development at an early age will assist their ability to deal with new and different educational challenges.

- **Teacher-Child Interactions**
  - **Creating Classroom Connections** - Participants will learn how to use brain-based strategies and research to build and maintain connections with their students, as well as connecting students with their peers. These rituals and routines will promote positive behavior and foster caring interactions throughout the school family. Using the research of Dr. Becky Bailey and Conscious Discipline, participants will understand how to create a safe learning environment that fosters connections and meets the social emotional needs of their students.
  - **Foundations of Teacher Child Interactions** - The CLASS (Classroom Assessment Scoring System) is a tool that evaluates teachers on their interactions with young children within their classroom. In this course participants will learn the three sections of CLASS: Emotional Support, Classroom Organization, and Instructional Support. They will also learn how the tool can be effective in promoting professional development as it provides feedback for teachers who can improve their teaching and provide quality instruction.
  - **Teacher-Child Interactions** - This course will provide information on what teacher-child interaction is at their core, what is the CLASS tool, and what we can expect when we are evaluating
  - **MMCI Infant & Toddler** - This class is for providers who would like to take the Infant Toddler M.M.C.I. sessions. MMCI is Making the Most of Classroom Interactions. This is a 24-hour/2.4 CEU class offered here at the Early Learning Coalition. In the training Teachers will: Learn alongside their peers in small group-coaching sessions, Watch and reflect on real classroom videos of other teachers, learn to identify, and describe effective interactions in the classroom, build skills, insights, and strategies to apply CLASS concepts to teaching
  - **MMCI Pre-K** - this class is for providers who would like to take the Pre-K M.M.C.I. sessions. MMCI is Making the Most of Classroom Interactions. This is a 20 hour/2 CEU class offered here at the Early Learning Coalition. In the training Teachers will: Learn alongside their peers in small group-coaching sessions, Watch and reflect on real classroom videos of other teachers, learn to identify, and describe effective interactions in the classroom, build skills, insights, and strategies to apply CLASS concepts to teaching
  - **Exploring the Promise of the Classroom Assessment Scoring System** - Research has shown that we acquire 85% of our intellect, personality, and skills by age five. This course will provide information on teacher-child interaction at their core, exploring the promise of the Classroom Assessment Scoring System ® (CLASS) and what we can expect this fiscal year when we are evaluating. Learn to identify and describe effective interactions in the classroom, build skills, insights, and strategies to apply CLASS concepts to teaching.
- **Age-Appropriate Discipline Practices**

- **Taming the Zoo!** - Classroom wide approach to P.B.S In this course, you will learn how to help children with chronic behavior difficulties. The course will overview positive behavior and how to apply it in the classroom through the PB. S model, how to help children through the pandemic of COVID 19, and lastly, how positive reinforcement can guide children with social-emotional delays.
- **Promoting Social and Emotional Competence** - Positive Behavioral Support Series. These modules were developed to provide a comprehensive, systems-wide approach for preventing problem behavior in young children. It includes three levels of prevention with intervention addressing the needs of all children within a preschool or early childhood setting. Interventions at the primary prevention level involve creating predictable, enriched, and safe settings for young children.

- **Breaking the Silence: A Guide to Understanding and Preventing Sexual Abuse** -- With such a growing rate of children being sexually abused, educators must act. By taking this course, educators will be enlightened on what sexual abuse is, who's more prone to being offenders, signs to look for, and how to help reduce the number of victims within your community and early learning center. Additionally, participants will be given a FREE curriculum kit from Lauren's Kids, a non-profit organization that fights to prevent sexual abuse through education and awareness. This kit will serve as a resource for directors to share information with the teachers and families in their centers.

### QUALITY ACTIVITIES FOR INFANT AND TODDLER CARE

Provide a description of the quality activities and services the coalition provided to enhance infant and toddler care.

During FY 20-21, the Early Learning Coalition of Orange County provided 1252 coaching and technical assistance visits with Infant-Toddler teachers. This represents approximately 3500 hours of direct consultation into the best early care and education practices with infant and toddlers' children. Additionally, extensive training in the instructional assessment feedback loop garnered evidenced change in practice through increased CLASS scores in Infant and Toddler classrooms.

The National Child Development Associate (CDA) Training Program supports experienced infant and toddler teachers in obtaining their National CDA credential with a focus on Infant-Toddler. A qualified Infant Toddler Specialist offers specific training and classroom mentoring to assist teachers in developing skills and understanding to support young children's growth, development, and learning. The program consists of 80 hours of focused training based on the 8 CDA Subject Areas:

1. Planning a safe and healthy learning environment
2. Advancing children's physical and intellectual development
3. Supporting children's social and emotional development
4. Building productive relationships with families
5. Managing an effective program
6. Maintaining a commitment to professionalism
7. Observing and recording children's behavior
8. Understanding principles of child development and learning

Participants in this program prepare a Professional Portfolio and are equipped to demonstrate their competency in working with young children. Earning the CDA credential is a powerful step

in furthering their expertise in the field of early childhood education with the potential of advancing to a two-year or four-year degree.

### MONITORING

Describe the process for monitoring of compliance with, and enforcement of, applicable state and local requirements.

VPK and School Readiness programs are monitored in accordance with Florida law and the VPK and School Readiness agreements. Non-compliance issues are addressed according to the non-compliance policies for VPK and School Readiness programs. Licensing issues are referred to by the Department of Children and Families. Based on the State CCDF Plan, Health and Safety violations identified in statute are applicable to the Coalition's Progression Monitoring Policy and Discipline.

The Coalition's Provider Relations Team (Internal Staff) provide training to provider owners and directors, providing compliance guidelines and reviewing provider contracts while the Monitoring and Technical Assistance Team (Itinerate Staff) visit facilities to make sure that state regulations are being followed.

### INCLUSION

Describe the activities the coalition has implemented to promote inclusive childcare including responding to Warm-Line requests by providers and parents and providing developmental and health screenings to school readiness program children.

The Coalition offers support services to childcare providers to promote inclusive childcare. These services include technical assistance for teaching staff in the form of community resources and strategies for supporting the care and education of the children they serve. It also includes follow up observations of children with developmental concerns/special needs, and the provision of community resources to parents for accessing evaluation and therapeutic intervention services. Services also include a follow up for determination or verification of special needs funding requests by childcare providers of children with identified special needs in their care for whom they provide quality care and support. ELCOC Inclusion/Diagnostic team has partnered with several therapeutic agencies, creating memorandums of understanding to promote families' access to therapeutic services in a timelier manner.

4C offers developmental (ASQ) and health screenings (Hearing/Vision) to school readiness program children. The Inclusion Specialist Team then follows up with staff consult, child observation, a Battelle Developmental Inventory (BDI) assessment and/or a Preschool Language Scale (PLS-5) assessment. Inclusion specialists write up and discuss diagnostic reports with the family concerning child development, needs, support services and resources for children screened who demonstrate concerns.
