

## Early Learning Coalition of Orange County 2013-2014 Annual Report

### Mission Statement

The mission of the Early Learning Coalition of Orange County is to provide unified leadership, support and guidance to ensure that the children of our community have the opportunity to reap the benefits of developmentally appropriate, research-based school readiness and VPK programs respecting the role of the parent as their child's first teacher.

### Evaluation of Direct Enhancement Services

#### **Comprehensive Consumer Education:**

Describe how the Coalition coordinated resource and referral programs specifically related to the provision of comprehensive consumer education to parents and the public regarding participation in the school readiness program and parental choice?

Consumer feedback shows that the best form of outreach is education through grassroots community events. To promote the availability of CCR&R services the team participated in over 20 outreach events in collaboration with local government, faith-based organizations and other non-profit partners to provide parents with young children information regarding quality early learning environments, the importance of early literacy programs and age-appropriate development milestones that are important in their child's development. Collateral material specifically regarding VPK education standards, learning environments and the enrollment process are given to parents that directs them to the VPK hotline to answer any additional questions they may have regarding VPK programs, hours and locations that are convenient to them. The resource and referral line acts as a one-stop shop, providing parents with an experience catered to their specified VPK and high-quality child care needs.

July 2013 the Coalition hosted two recruitment fairs in which local early education providers got to show off their programs and speak directly to parents. CCR&R was provided on site to deal directly with questions and eligibility resulting in same day enrollment for 33% of attendees. In August of 2013 the Coalition also attended the numerous Back to School events, working with city, faith-based and county officials to inform parents about early learning programs.

	<p>In September of 2013 we partnered with the City of Orlando to provide a community baby shower for parents living in the Parramore area who could benefit from our baby institute program. The goal of the PKZ Baby Institute is to enhance positive parenting skills and promote early literacy to improve school readiness results. BLOCKFest is three-hour parent engagement activity conducted at early learning centers to support young children’s understanding in math and science. Block play is used to help children better understand cognitive problem-solving and creative skills while making sense of shape, size, location, weight, balance pattern and position, supporting cognitive development through hands-on interaction.</p>
<p><b>Provider Financial Supports:</b> Provide a list of grants, awards, or bonuses offered to school readiness program providers to assist them in meeting applicable state requirements for child care performance standards, implementing developmentally appropriate curricula and related classroom resources that support curricula, providing literacy supports, and providing professional development.</p> <p>Include the qualifying criteria to receive financial supports and related monitoring activities to verify appropriate use of support.</p>	<p>The Early Learning Coalition received a VPK Grant of \$166,875 targeted to assist Providers on Probation and other providers needing assistance. The Coalition worked with 5 consultants who made 881 visits and spent over 1,854 hours working with VPK teachers and directors. The Voluntary Prekindergarten Assessment Implementation Grant was offered through the Florida Department of Education.</p>
<p><b>Training and Technical Assistance:</b> Provide a list and description of the trainings and/or technical assistance activities the coalition offered to school readiness program providers, staff, and parents in the following areas:</p>	<p><b>Professional Development</b> 127 professional development trainings, 64 for VPK and 63 for school readiness providers, were offered in 2013-2014 with 1,999 participants. ELCOC professional development scholarships supported 11 early childhood providers in associates’ degree coursework and 5 early childhood teachers complete their Florida Child Care Professional Credential. Professional development scholarships also supported conference attendance for 60 providers at the Florida Association for the Education of Young Children Annual Conference and 62 providers at the Seminole State Early Childhood Conference.</p>
<ul style="list-style-type: none"> <li>- Early Learning Standards</li> <li>- Child Screenings and Assessments</li> </ul>	<p>Quality initiatives are made available to programs in both School Readiness and VPK.</p>

<ul style="list-style-type: none"> <li>- Developmentally Appropriate Curricula and Character Development</li> <li>- Teacher-Child Interactions</li> <li>- Age-Appropriate Discipline Practices</li> <li>- Health and Safety</li> <li>- Nutrition</li> <li>- First Aid</li> <li>- Recognition of Communicable Diseases</li> <li>- Child Abuse Detection and Prevention</li> </ul>	<p>The Board of Directors approves and monitors these initiatives. Teaching Strategies GOLD and the Classroom Assessment Scoring System (CLASS) are two of our major programs. Both are in the second year of implementation. Beginning in October, 2014 we are bringing back the Quality Rating System for homes and centers.</p> <p>GOLD was introduced to hundreds of providers as an ongoing child assessment tool that is web-based and has built in tools for parent involvement and curriculum planning.</p> <p>ELC staff provided technical assistance to QRIS participants during the three year Pilot that ended June 30, 2012. The Environment Rating Scales were replaced by CLASS. Training was provided to directors and staff as well as ELCOC staff. Formal CLASS assessments began on a voluntary basis in 2013/14. CLASS is a teacher/child interaction scale with multiple training methods to assist teachers in improving skills. In 2013/14 we began assessing centers and homes using reliable assessors.</p>
<p>Quality Activities for Infant &amp; Toddler Care: Provide a description of the quality activities and services the coalition provided to enhance infant and toddler care.</p>	<p>Orlando Magic Youth Foundation 24 infant/toddler teachers successfully completed the OMYF Infant/Toddler CDA program and received their national Infant/Toddler CDA. The 24 teachers cared for 396 infants and toddlers in 10 infant and 13 toddler classrooms in 22 Orange County centers. Child assessment data showed positive outcomes with the number of children asses as “below expectations” in language development decreasing from 55% to 27% during the program year. In addition, 13 directors participated in the initial Directors’ Project, utilizing face-to-face and online training in support of best practices for infant/toddlers in center-based care.</p> <p>A new cohort of 19 infant/toddler teachers began training in 2014 with an additional 13 directors in the Directors’ Project this year. A new Community Workshop component offering free CEUs to credentialed infant/toddler teachers was implemented in 2014 with two workshops serving 42 teachers from 26 centers.</p>

OEL 202.80 EARLY LEARNING COALITION ANNUAL REPORT

<p><b>Monitoring:</b> Describe the process for monitoring of compliance with, and enforcement of, applicable state and local requirements.</p>	<p>VPK and School Readiness programs are monitored according to Florida law, and the VPK and School Readiness Agreements. ELC non-compliance issues are addressed according to the Non-Compliance Policies for SR and VPK. Licensing issues are referred to DCF.</p>
<p><b>Inclusion:</b> Describe the activities the coalition has implemented to promote inclusive child care including responding to Warm-Line requests by providers and parents and providing developmental and health screenings to school readiness program children.</p>	<p>Inclusion specialists provided technical assistance to 326 providers and parents in 2013-2014. Social emotional health was identified as a concern in 106 technical assistance contacts. 286 referrals were made this year for children with identified developmental concerns. In addition, four trainings were offered to 75 participants on inclusion-related topics.</p>
